

## Religion Chapter 16 Notes

1. The 5th commandment is based on the belief that all life is sacred - created by God.
2. Jesus asks us to have peace in our hearts. Anger in our hearts can lead to us to do and say things that hurt the lives of others.
3. Because we are all created in God's image and likeness, he gives us the ability to think and make our own choices. Because of this we are all equal and any differences should not change how we treat one another.
